HONOR SOCIETY *Inductees Get Mugged*

"To honor those students who have reached a position of excellence in four areas," explained Randy Davis, "is the basic goal of the National Honor Society," At the induction ceremonies on Thursday May 24, several current Honor Society members spoke on these four areas: character, leadership, service, and scholorship.

Linda Alle explained that scholorship is more than good grades. Sharing one's knowledge through communication is also a key part.

"To work effectively a leader must understand his medium-- people," said Bruce Haines on the topic of leadership.

"Honor Society secretary, Edna Robbins, described character as the "elusive measure" inseparably linked to achievement.

George Jakubson, the treasurer, defined service as making the impression on society.

Before the new inductees were called to the stage, Dr. Stover was awarded honorary membership in the society. Then, 21 seniors and 31 juniors were inducted. As each inductee came forward, a list of his extre-curricular activities was announced. He was then presented with a mug and a cendle.

The senior inductees were: Carol Campbell, Ranee

MR. CAPRIOTTI NAMED ACTING SENIOR HIGH PRINCIPAL

Mr. William Capriotti will serve as Acting Principal at Marple Newtown Senior High next year.

Mr. Capriotti praises the job that Dr. Sauers has done as principal and hopes to incorporete Dr. Sauers plans in his own program. Mr. Capriotti will emphasize the curriculum. He also hopes to establish a better student, teacher, administration relationship by spending considerable time with the students and teachers. Mr. Capriotti does not want to be a "ghost" principal who just sits in his office. He wants the student body to know that he is there and thet he cares. As Mr. Capriotti steted, "I want to try to create a feeling and attitude among students and teachers whereby they could work together and place a greater sense of value on what they ere doing and on the school."

Mr. Capriotti is very optimistic about the student body. He feels that the vast majority of the students are interested and that the faculty provides an encouraging atmosphere for learning.

Mr. Capprioti wants the studenta at Marple Newtown to remember their high school with e sense of loyalty. He wants to encourege pride and value in the students toward themselves and their school.

Dr. Sauers and Mr. Sanner Discuss New Administrative Positions

Dr. Sauers has been named as Acting Assistant Superintendant for the coming school year. He stated that he can carry on a harmonious relationship with Mr. Sanner, the Acting Superintendant for the coming school year. Dr. Sauers also said that he hopes he can work as a team with the rest of the administration.

When asked about his duties for next year, Dr. Sauers stated that the Assistant Superintendant is in charge of the supervision of instruction. Other duties includes: curriculum planning and course of study development within the secondary schools, suggestion to superintendant on the placing and assigning of teachers and the promotions of professional personnel, and he shall assist the Superintendant in his work and shall perform such other acts and assume responsibilities as may be directed by the Superintendant.

Dr. Sauers also commented on the fifteen years of service by Dr. Stover. "Dr. Stover has upgraded the educational facilities of the school system. Dr. Stover has surrounded himself with competent personnel during his years of service in the MN school system."

Mr. Sanner, the Acting Superintendant for next year, hopes to "have a working relationship with the staff, students, and community," but says that everyone must help because it's hard to accomplish such a feat.

FROM THE EDITOR'S DESK

Now as the time comes for us to part, I look back to all of my years at Marple Newtown. The times have changed, and so has this school.

MN fluctuated from being a highly academic and scholastic institution to an apathetic, vandalistic school to the moderated establishment it is today. And for every time M.N. changed in the past few years, so did an organ of it, the Mar News.

Four years ago, famed Mar News was published six times a year. It was professionally printed, and it was distributed for ten cents a copy.

During the following year, it became a newspaper "for and by the students of M.N." Thus began the era of publishing the paper once or twice a month, having students print it in the shop, and giving it out free of charge. The name was even changed to The Issue.

The next two years saw many problems for The Issue. The staff became a small group of students who wrote articles, proofread and edited them, and then layed out the paper. During this period of renovation, teachers and students made their objections to this new procedure quite known. The name was reversed back to the Mar News, and despite difficulties, the staff kept up hope and survived along with the paper.

At the beginning of this 1972 school year, it was decided that the newspaper would continue to be published in the precribed manner. Hopes were there of rebuilding the reputation the paper once had. The staff size grew, although not considerably. But the members worked extremely hard. The paper published all of the news to all of the readers all of the time. Surmounting the two years of reform, the Mar News restored its own name to the fame it knew four years ago.

As editor of the Mar News, I would sincerely like to thank and commend all of the students who aided in the publication of the newspaper this year.

I am especially grateful to a handful of cohorts who I do not know how to thank enough for everything they have done- Ellen Ginsburg, George Jakubson, Andy Strazds, Mike Spear, Roe Sgro, Cindy Ryskamp, Sherri McCandless, Mary Wesoski, and Mrs. Bedein.

George and Andy-you're both fantastic. Lots of luck in your future endeavors.

Mike, Roe, Cindy, Sherri, Mary-here's to the best year's Mar News. If you continue to work as ardently as you did this year, you'll have no problems at all in the future. Ellen, as next year's Editor, I know you will do a great job in maintaining the fame of the Mar News.

Mrs. Bedein, what can I say? You're a real "Mom" in every respect.

Once again, good luck to everyone, and thanks!

Nancy Gussow

LETTER TO THE EDITORS: A REBUTTAL

In response to the editorial by Aron Wolf in the April 27 issue of the Mar News:

Dear Mr. Wolf:

You seem to have had trouble placing the blame on the right party or parties for my son's most unfortunate incident.

You asked; "Who is really guilty of what?"

Maybe we all are, everyone who does not want to get involved.

We could blame it on the kind of life John had before Mr. and Mrs. Bird reached out a helping hand. And John already suffered too many atrocities to overcome?

We could excuse Richard for his part, on the grounds that his father had the audacity to die, just when a boy needed a father the most.

I'm sure all of you students at MN who are equally as guilty as my son for harrassing John, also have a legitimate excuse. We also have a member of the faculty we could blame.

One of you was cautioned previous to this incident that John had asked a fellow student to purchase a weapon for his use. Why didn't you do something? You could have at least cautioned the parents. What is your excuse?

If you really want to know the truth we are all victims of our morally bankrupt society. Until we each make a sincere attempt to change what we have become, we will be equally guilty of what our future holds for us.

Mrs. Ann (Abraham) Stucky

The Case of the Missing Desk

"But how did you know it was in the pool room?"

"Elementary, my dear Watson. It all started when I was sitting in the restauraunt. I let my wife and daughter order drinks. I had a ginger ale."

"But Holmes, how does that relate to the case?"

"Elementary, my dear Watson. I was thinking about the incident at the restauraunt and remembered leaving my checkbook in my colleague's, Dr. Sweet's, desk. I went to pay an early morning visit to my friend. Upon entering his office, using my keen perception, I quickly noted his desk was gone. I perused the room and to my dismay, found the dear Doc was also missing. I quickly checked the absentee bulletin to see if he was absent or if he was cutting. Seeing his name missing from the list, I asked Mrs. Giordano if she had any inkling as to where he was. She entered the room and found the matarials from the top of his desk laid on the floor untouched as if the desk had sunk into the ground. Immediately she fled to the lower level but discovered nothing. She returned to the room determined to find the dask. I returned to my own office near the pool to re-examine the evidence. Remembering a puzzle piece on the dear Doc's desk, I hurried back to the desk, but Mrs. Giordano had beat me to it. She had found the jigsaw piece and deciphered the code. You've got to hand it to Mrs. Giordano."

"So Mrs. Giordano knew the key to this mystery."

"Yes, my dear, Watson. We followed her instructions and filed down to the pool pump room."

"It was there, Holmes?"

"Yes, Watson. After close examination of all external possibilities as to clues of the possible positionings of the misplaced chattel, we were enlightened."

"Holmes?"

"Elementary, my dear Watson. Someone finked."

Little Mary SHINES ON MARPLE NEWTOWN

The thing I find most intriguing about Marple Newtown theatre, after observing its pecularities for two years, is its wacky unpredictability. One is never quite sure what one will be subjected to upon the rising of the curtain. Take this year, for example: we have watched some interesting but unpolished Shakespeare, we have suffered the bloody agony of Antigone, we have been shocked by the blantant profanity of Line, and now we are presented with the hammed-up, saccharine cuteness of Little Mary Sunshine.

Quite a lot to get used to, though Little Mary is exceedingly easy to take. I do not hesitate to say that it was probably the most polished non-performance group production in years, falling short only of perfection.

The acenery , lighting and special effects were nice, the instrumental music was acceptable, the vocal superb, the costumes were snappy, and the acting, or rather hamming, was magnificent- almost without exception. Chris Bullock, Debbie Boonin and Joe Maher did the best jobs. They have acquired the ability to create comedy in a farcical situation not by ridiculing the role- telling the audience how silly it is- but by letting the audience laugh at thier exaggerated but seemingly serious conduct. Special praise goes to Marta Kauffman for her lively and intriguing coreography, well carried out by the dancers. It was all very pleasing, very funny show; the only faults I can find were in the musical itself.

The score of Little Mary Sunshine is not particularly inapired, nor for that matter is the plot. I saw Brigadoon over a year ago, but I can hear its music in my head. I saw Little Mary day before yesterday, yet I can't remember a single phrase from any song. The author frequently became so involved in satirizing everything and anytjing in sight that the story line fell apart. The play is totally devoid of beauty or substance or joy, but what of it ? Little Mary Sunshine gave us some happiness and let us forget about the world for a few hours. I guess that's really what matters most.

****

And now, thank God, my carreer as a play reviewer is over: I am escaping to a place where there isn't even an auditorium. Heresy of Heresies, they put on one or two plays a year on a platform in the chapel... but they survive, some how.

At last I'll be able to see a play without trying to judge it.

I would advise my successor to remain anonymous if at all possible. Life is much simpler, if less exciting, that way...

The one thing we all need is a little bit of humility- there is so much more important than petty squabbles about insignificant plays and even more insignificant reviews...

Good bye,
Ann Leiper

Editor's note:

Thank you, Ann, for all your blood, sweat, and tears. We wish you all the best in your future endeavers.

Mr. Sanner said that students and teachers of MN are quick to complain about the school, but are hesitant to offer any concrete solutions. He also stated that the problem of the messy bathrooms and cafeteria is due to the irresponsibility of some of the students.

He stated that if he put matrons in the bathrooms at all times, the community would come down on him like a ton of bricks. But he added, the students are directly responsible for the actions of their fellow students.

All in all, Mr. Sanner and Dr. Sauers are optimistic about the coming year and they both hope they can work as a team to help the student body and the community as a whole.

SENIORS Up and Left

Newscaster: Maple Newton HIGH was the scene of maas emigration last May 11. It seems that one-third of the student body finally got smart and up and left.

Students could be seen hitching, riding, skiing, smoking, fingering, cutting, smiling, roller skating, swimming, crawling, reading (MAD), picking, and generally struggling down Gradyville Road to get to Ridley Creek Park. The place where you can tickle a friend, tickle your fancy, pickle your port, part a prune, prune a tree, trump a tramp, tramp a path, pave a sewer, sew a suit, suit yourself, borrow a tissue, test a fig, and feed a pig in complete and total chaos.

Back at school (Wh school?) there was al some confusion. Notic weren't circulated unt 7th period due to the ne vous breakdown of a certa secretary who (plea stand) "went down in t line of duty"; taking h permission slips with he

THE TIGER'S EYE

A tall, blond man left the black limousine. He nodded to the clerk at the desk, who handed him a package and pointed to a back room.

Once he was inside the room, the wrapping paper was folded back to reveal a tape recorder and a package of photographs. A steady hand quietly clicked on the tape.

"Good morning, Mr. Phelps."

"The building you see is a suburban high school. The next photo shows the office of the newspaper. Note the cramped quarters and the handful of people present. That is the entire staff."

"The machine under repair in the next picture is the printing press used to print the newspaper. The situation shown here is not uncommon; this press has a propensity for breaking down when it is needed most.

"Fortunately, the men working on it are experts at making repairs with paper clips and chewing gum.

"The two men ripping their hair out in the fourth picture are the business managers of the paper. They are in the process of determining how they are going to pay for the paper, since, unlike most school papers, they receive nothing except what they raise themselves and are entirely dependent on their own meager resources.

"Your mission, should you decide to accept it, is to take over the newspaper and produce a good quality paper with an attractive appearance which is relevant to the students and manages to remain financially solvent.

"In addition to these problems, you will have to deal with 'unseeing' administrators who refuse to acknowledge the existence of any problems in the school, an apathetic student body, and a buildingful of critics who will always tell you what is 'wrong' but never offer constructive suggestions.

"As usual, if you or any of your IMF are captured or killed, the secretary will disavow any knowledge of your actions.

"Good luck, Jim.

"This tape will self-destruct in five seconds."

Jim Phelps stood up, shook his head with slow finality, and somberly walked to his car. Here was the first mission he had ever decided to refuse.

MAR NEWS Advisor Extends a Journalistic Hug

Thomas Caryle has said, "In every man's writings the character of a writer lies recorded."

We have written facts; we have recorded our opinions, our fantasies, our critiques: in them lie the character of our staff, firmly embedded.

THE CHARACTER: of students upset enough by the drug usage in our schools to invade the bathroom, take pictures of the evidence--and then? an enigma.

-Of a student who has had the misfortune of having fifteen study halls a semester and has devoted that time to the tutoring of the Mar News.

-Of our editors. Deciding that the staff bad to learn to write, that incoming staff members needed inspiration, they organized a day-long writing workshop for news, features, and sports. After preparing guidelines and instructional worksheets, the editors had the students write and critiqued their results with tbe abandon of hardened tbeme-editors. Those in attendance listened and absorbed more in this type of learning atmosphere than they could or would in an adult-centered activity.

-Of e group of dedicated boys who worked endless hours every two weeks printing e paper for 2,000 students on an antiquated press built to print circulars. These boys conducted a class for apprentice printers after school at the beginning of the year and bas adoring, belpless followers, of both sexee, eager to try. Our chief printer manegled his finger in our man-eating machine but the next day, stiches, cast, and all, came back for more.

-Of e proud staff who attended the Columbia Scholastic Press Association Conference with our pitiful-looking paper competing for honors against profeessionally printed or lithographed publications, newspapers which received financial support in ebundance from the school budget. Our staff accepted e second place position with elacrity, realizing that our staff could write better than most, could teach many of the seminars, had a spirit like no other staff, and were handicapped only by limitations of money and machines. This handicap affected their relationships with their pesrs who oftsn abused the paper for the lack of prestige it endendered.

-Of our administrators: Dr. Sauers, Mr. Best, and Mr. Shafer and my department head, Mrs. Peterson, who trusted the good judgement of staff and sponsor to edit their own publication and have never let the thought of "censorship" intrude upon tbeir relationship with the staff. A special thank you to them for approving our all day workshop and giving us their cooperation. And what can we say to Mr. Best whose name we have so often taken in vain?

THE CHARACTER OF AN ENTIRE STAFF: with spirit so purposaful, with determination so resolute that they have devoted the year of 72-73 to the bi-monthly publication of newspaper which is the "servane, tbe leader, the whipping boy of the community" to quote a publisher. They have been a medlum of iformation, a stimulating force for betterment of the school community, and a source of education and entertainment. To all of them I give a journalistic hug!

The All-Season Sport: Mar News Year Rapidly Coming to a Close

The senior issue of Mar News symbolizes an important moment of the year for members of the Mar News staff, let alone for the six hundred and fifty some odd members of the senior class.

This issue marks the end of seemingly endless hours of assigning articles, virtually tearing apart articles both grammar-and content-wise, aligning the articles on graph paper, correcting countless mistakes on typed copies, laying out finished pages, and the "funnest" job of all, counting out papers in piles of 25 and putting folds down the middle. (Not to mention collating and stapling 3000 copies of the musical's program.)

As retiring sports editor of this year's Mar News, I would personally like to extend my thanks and appreciation to all those people involved in the production of our newspaper, which includes everyone from Nancy and Ellen, our Editors-in-Chief, and Jake, our managing editor, (who, by the way, is almost wholly responsible for keeping our paper alive), down to all the countless people who, at one time or another, wrote or graphed an article for us.

I would also like to apologize to all those team coaches and players of sports which received little, if any, recognition or coverage on the back page or Mar News, traditionally devoted to sports. Due to the fact that the paper is printed by students within the school, and that I am limited to eight-by-ten inches of space in each issue, it is not hard to see that I could not possibly fit in everything that I would like to see printed.

Thirdly, I would like to extend an invitation, or perhaps I should call it a challenge, for more students at MN to become involved with our paper. Believe me, the paper can always use more good writers, and I know for a fact that there are a lot of good writers in this school that would enjoy the involvement with the paper if they were only exposed to it. I hope a lot of students take me up on my challenge.

Have a great summer and best of luck to the faculty and students returning next year.

Girls Track Club Wins After Loss To Swarthmore

"Give it all you've got," shouted Miss Smith, coach of the Girl's Track Club. But what they had wasn't enough to beat their competition, Swarthmore, on May 17.

The girls got many firsts, such as the 50-yard dash- Diane Carelli; long jump- Alice Manuelin; 880yd relay; but they still lost a hard fought meet 37 1/2 to 52 1/2.

However, the following day the girls succeded in winning a tension packed game 63-26 over Ridley.They accumulated seven places out of a possible nine. The seven events that MN placed first in were the 50 yard dash, Diane Carelli; broad jump, Sara Dalton;long jump, Diane Cistello; 100 yd dash, Donna Pierce; 880 run,Terry Welk, and the 440 and 880yd relays.

MOST ATHLETIC- Lori Hagadorn and Ken Bradford

Lacrosse Girls Need Experience

The M.N. Varsity Lacrosse Team ended the 1973 season on Tuesday, May 15 with a record of 2-6-1 and the J.V. record stood at 1-8-0.

The 2nd half of the season commenced with a home game in which the Tigers battled Lower Merion to a 7-5 victory. The Varsity began to suffer losses as they gave away hard fought games to the tough Penncrest Springfield and Ridley teams. The last game of the season was away at Upper Darby. The Tigers started the 1st half out strongly with a lead, but the Royals fought back with a goal in the back to tie the game 5-5 with a goal in the last minute.

Even though the girls' record was not successful, the team is young, and they hope that the experience that they gained this year will aid them in achieving better results next year.

Tigers Defeat Lions in Track

Due to a great effort and team spirit, the Marple Newtown Track Team pulled out an 80-61 victory over Penncrest.

The Team showed how to take every meet cleanly. It showed maturity. There were ten first places taken. The two-mile relay started the scoring spur. Before running his 440, Mark Conroy said the famous words, "We have not yet begun to fight." This was a start of a massacre; The Penncrest Massacre. After this, Captain Ben Eskanazi, Don Ford, Dave Martin all combined to take firsts.

The two-mile run was fantastic. Randy Stowell and Captain Amatucci finished respectively, and Don Armstrong poured it on at the end to give Marple a sweep in the event.

Then the mile relay, Jeff Caruthers, Tom Wilson, Dave Myles,and Steady Bruce Coren who is the team high scorer all took first to lead Marple to its most stunning victory of the season.

Against Upper Darby, the team did not do as well However, several performances should be noted.

John Amatucci ran a great race and took his first first of the year. Sweeps occurred in pole vault with Tom Wilson,Keith Shultz, and Bob Glorio finishing respectively as well as Bruce Coren, Burke Maze, and Doug Miller did it in the discus.

In the Delco Championship, Captain Ben Eskenazi took a fifth in the 100 yd. run. Bruce Coren took a third, and the mile relay of Bryn Williams, Mark Conroy, Jeff Sultzer, and Dave Martin set a school record of 3:33.4. These people certainly did Marple proud.

This season was a long, tough drive to improve the team with great potential. The maturity of the team was shown by the Penncrest win. The team, Coach McKonly, and assistants Mr. Oiler, Mr. Kenig, and Gary Becker deserve congratulations on bringing the school a team they can be proud of.

Bradford No-Hits LM

Tigers Shut Out Bulldogs and Raiders

Ken Bradford, undefeated in starts, seemed to have Lower Merion's "number" as he pitched a no - hitter against the Bulldogs in the Tigers' 2-0 victory.

Bradford, who pitched a perfect game against L.M. in the first meeting between the two teams, gave up three walks while striking out fifteen Lower Merion batters.

Coach Dave Williams and the same basic lineup as in the first game and got key hits from Dave Trevisan, Joe Basile and Bob Prestileo. Basile's triple to deep center field in the fourth inning drove in Prestileo for the first run. In the sixth, Prestileo doubled to center to drive in Jim Leo for the second run.

The game was marred by the ejection of two players, (one from each team), due to disagreements with the home plate umpire.

Three days later, the Tigers took a little longer than usual, but finally edged out the Ridley Green Raiders, 1-0, in eight innings.

The game turned out to be a typical pitching duel as Ken Bradford was matched inning for inning by Ridley's Steve Borja.

After the regulation seven innings there was no score, so the game went into extra innings. After Bradford retired Ridley in the top of the eight, Jim Meyer opened the home eigth, with a single off of Borja's leg. Borja walked the next Tiger batter, Jim Leo. Borja was relieved, but Ken Bradford, the next batter, also drew a walk, thus loading the bases. Coach Williams gave a signal to Bob Prestileo to squeeze bunt. Prestileo complied, the throw to home plate was late, a run scored, and that was that.

Rain Adds to Dismal Year

Girls' Softball Team Looks Back on Disappointment

Rain played a major role in the 1973 Girls's Softball Season.

Passing by the locker room door you could often see the old 'game postponed' sign announcing one more cancellation. While only two games were actually concelled, Chichester's game was rained out on three consecutive dates, finally causing forfeiture. Anyway, the rain symbolizes in a unique way the "blah" softball season of '73.

There was definitely something amiss with the team this year. It should have been the greatest year for softball in MN's history. Yet it may well be the worst. Talking to a few of the Varsity team members, they summed the problem up in one word, "apathy" The members simply were not together in spirit or on the feild. A Team consists of a coordinated group of dependent players, not ten individuals out for personal glory.

Ending their final season with a record of 2-4 are Seniors Sandy Shipchack and Babs Schaefer (co-captains), Janet Schwarz, Chris Elfring, Judy Eaby, Laura Porter, Lynn Casey and Diane Almond. These girls are some of the best players Marple Newtown's softball team has ever seen.

Returning again next year to form the core of a new young team are Donna Moyer, Linda McCloskey, Debbie Katz, Sue Patrick, Susie Edwards, Jill Chapin and Gail Gretzmacher. With a few years experience these girls hopefully can return Girls' Softball to its old ranks.
